Course description:

This U.S. History course is filled with interesting facts, discussion, assignments and videos that will help your student be knowledgeable about the history of our great nation. Taught from a Christian perspective, this course will discuss history from the Creation through the exploration of the New World and then embark on the growing of the new nation of the United States until the end of the twentieth century. Each student will be bringing their interesting facts to inform the class, writing paragraphs and papers about the parts of U.S. history that interests them, and answering summary questions based upon their weekly readings of the text. Come join me for this walk through American history.
