Tuition: \$300 / \$150 each semester

Materials Fee: \$30 nonrefundable at registration (applied to tuition)

## Launch into STEM!

STEM covers elements of Science, Technology, Engineering, and Math. Students will be using diverse strategies to explore each of these areas.

Keywords for this class are HANDS ON!

Launch into STEM is a different kind of class. It is highly collaborative, creative, and active.

I like to introduce a scientific or engineering concept at the beginning of class. I then challenge the students with experiments, maker space, or projects to discover and reinforce concepts.

Students learn the STEM process as they work together to solve their challenges. Ask, Imagine, Plan, Create, Test, and Improve.

## About the Tutor

I received my B.A. from Cornerstone University in Language Arts and Elementary Education. I worked at Rockford Public Schools before starting my family.

I have served the Lord for over 20 years in Kid Ministry, which is my ultimate passion and calling. I am currently the Children's Ministry Director at FaithWay Church. I believe God is at the center of all wisdom, knowledge, and Truth, and am eager to translate that into the classes I am teaching!

I have also enjoyed being an administrator for ROCK Co-op in Plainwell over the last 13 years. I have taught a wide variety of enrichment classes to home-educated students.

Over the course of my life, my most honorable position is easily being a wife to Anthony Dear, and mother to my four children. I love being a homeschool mama!

I am a high-energy, enthusiastic, and FUN educator! I believe in making memorable experiences with children and allowing movement and energy to guide learning! I look forward to serving the families at KAT!
