Create with joy. Discover God-given creativity.

This class introduces young students to the joy of creating while building foundational art skills. Through drawing, painting, clay, and simple mixed media, students will explore color, shape, and texture in a playful and encouraging environment. Each project is designed to help children grow in confidence, develop fine motor skills, and recognize that creativity is a wonderful gift they can use to express themselves.

"I praise you because I am fearfully and wonderfully made." – Psalm 139:14
