

World Geography

2020-2021
Grades 5-8

In world geography class we will be taking a virtual trip around the world, exploring the diverse cultures of 15 countries. We will be memorizing the locations of countries on each continent, learning various ecosystems along with animals and their habitats. We will learn about true stories of men and women who served as missionaries around the world. We will memorize Bible verses, sample various foods from different cultures, and create art projects from different countries we study. We will also focus on current events from the different countries we study each week.

Tutor: Katie Zeilenga
zeilenga@gmail.com

Supplies needed for the class:

World Atlas

Poster supplies for country projects or access to digital media

Tuition: \$350/year
(\$175 each semester)
Minimum enrollment
for the class to be
held - 10

About the Tutor - Katie Zeilenga

I love the Lord and serve Him whenever and wherever I can, in His strength.

I hold a Bachelors of Music Education (K-12 Supervision) with a Major in Voice and a Minor in Piano from Aquinas College. I homeschool 2 boys and have graduated our son and daughter who attend Cedarville University. Before my husband and I began homeschooling our children, I taught in public and private school settings in Grand Rapids, South Haven and Kalamazoo. This is my third year teaching World Geography and second year teaching US History at KAT.

I consider it an honor to come along side your homeschool to share in learning about God's amazing world with your children.
