Course Description:

How do we equip our children to thrive in the modern world both Spiritually and Financially?

This class will provide your student with the tried-and-true methods and instruction from Dave Ramsey and his team. It will be a Hybrid of an interactive classroom experience where the students will discuss, consume and digest all they will be learning from Dave Ramsey and his team. There will be 13 Chapters and 72 lessons that we will be taught, discussed and implemented through the year. Students will be watching Ramsey produced video content mostly out of the class room, with some review in the classroom, there will be tests/quizzes, textbook reading and activities. We will also be reviewing in class, going over real life examples, discussing the content further in class for both clarity and a deeper understanding.
